The Art of Securing Attention ... Jul 26 2022

A Dad's Gotta Do What a Dad's Gotta Do Feb 27 2020 For parents and children alike, many of the fondest "school days" memories revolve around a bustling morning routine that began with a hurried breakfast, followed by loading backpacks, and culminating in the drive to school. A Dad's Gotta Do What a Dad's Gotta Do is the story of one seemingly ordinary dad who makes a certain Monday morning drive to school anything but ordinary for his two boys. In this beautifully illustrated book created for kids to read with their parents, author Mark Jones presents the amusing and easy-to-understand narrative of a father's unconditional love for his children. Kids will giggle with delight, and parents are sure to be inspired to find their own special way to shout their love for their children, as they sit down together to read A Dad's Gotta Do What a Dad's Gotta Do.

*Islamic Schools in Modern Turkey* Mar 29 2020 In recent years, the Islamization of Turkish politics and public life has been the subject of much debate in Turkey and the West. This book makes an important contribution to those debates by focusing on a group of religious schools, known as Imam-Hatip schools, founded a year after the Turkish Republic, in 1924. At the outset, the main purpose of Imam-Hatip schools was to train religious functionaries. However, in the ensuing years, the curriculum, function and social status of the schools have changed dramatically. Through ethnographic and textual analysis, the book explores how Imam-Hatip school education shapes the political socialization of the schools' students, those students' attitudes and behaviours and the political and civic activities of their graduates. By mapping the schools' connections to Islamist politicians and civic leaders, the book sheds light on the significant, yet often

overlooked, role that the schools and their communities play in Turkey's Islamization at the high political and grassroots levels.

Breathing Life Into Sunday School Aug 15 2021 Breathing Life into Sunday School speaks to the most important ministry that churches have, their Bible teaching ministry. Although Sunday school goes by many names today, it is still a time-honored and effective ministry for teaching the Bible, reaching people for Christ, assimilating them into the church, and growing them as disciples. The majority of churches inside and outside the SBC utilize Sunday school and need to know ways to grow it and improve its health. Although Sunday school is an important ministry, many churches have not experienced its full potential. Sunday school is in decline in most denominations, and there is a lack of health and vitality that it once had. In many churches, the leadership of the Sunday school is in the hands of untrained laymen (Sunday school directors), or is led by the pastor who has no paid staff members, and who might even be bi-vocational. This limits the pastor's time to address the needs of the church's Sunday school. This book details twelve ways that a church can experience new life and vibrancy in its Sunday school ministry. The twelve essentials are replicable by churches of any size. Based on the author's extensive history and training in Christian education and Sunday school, he helps the reader focus on key practices that are needed in order for a Sunday school to grow. The 128 page book is designed to help church leaders train Sunday school directors, teachers, and group members of a Sunday school class or Bible study group.

Show Them Jesus May 12 2021 In this transformative resource for youth workers, children's ministry teachers, parents, and VBS volunteers, Jack Klumpenhower teaches how to discover the gospel connections in every Bible story. Show Them Jesus is an instruction manual for teachers of kids and teens written by a lay Bible teacher with thirty years of experience. With a simple framework and real-life examples, Jack helps teachers identify and communicate the heart of the gospel to each child in each lesson. Show Them Jesus challenges the culture of low-stakes, low-expectations teaching and invites teachers to do nothing less than teach and treasure the good news of Jesus-in every lesson. Instead of leaving kids with lessons about changing their behavior, Show Them Jesus offers a new way by sweetly, masterfully,

and powerfully showing kids how the gospel really applies to their lives and changes them for eternity. In sharing example after example from his years of experience, Jack provides readers with a more enriched view of Jesus and how to teach this gospel perspective in a classroom setting. This life-changing tool will complement and enrich existing lessons or teaching materials, and it's appropriate for teachers of children and teens in any setting. Millions of church kids are growing up and deciding to leave the church. If we are not primarily teaching our kids about God's love for us in Christ, we may miss our opportunity to capture their hearts. Don't miss your opportunity to show them Jesus.

Big Truths for Young Hearts May 31 2020 Equips parents to guide their young children through all major doctrines in an understandable, chapter-a-day format. Sure, it's easy to teach your children the essentials of Christian theology when you're a theology professor. But what about the rest of us? With *Big Truths for Young Hearts*, Bruce Ware, (you guessed it!) a theology professor, encourages and enables parents of children 6-14 years of age to teach through the whole of systematic theology at a level their children can understand. Parents can teach their children the great truths of the faith and shape their worldviews early, based on these truths. The book covers ten topics of systematic theology, devoting several brief chapters to each subject, making it possible for parents to read one chapter per day with their children. With this non-intimidating format, parents will be emboldened to be their children's primary faith trainers—and perhaps

learn a few things themselves along the way.

Faith in Schools Apr 10 2021 American Evangelicals have long considered Africa a welcoming place for joining faith with social action, but their work overseas is often ambivalently received. Even among East African Christians who share missionaries' religious beliefs, understandings vary over the promises and pitfalls of American Evangelical involvement in public life and schools. In this first-hand account, Amy Stambach examines missionary involvement in East Africa from the perspectives of both Americans and East Africans. While Evangelicals frame their work in terms of spreading Christianity, critics see it as destroying traditional culture. Challenging assumptions on both sides, this work reveals a complex and ever-evolving exchange between Christian college campuses in the U.S., where missionaries train, and schools in Kenya, Uganda, and Tanzania. Providing real insight into the lives of school children in East Africa, this book charts a new course for understanding the goals on both sides and the global connections forged in the name of faith.
