China and the Transformation of Global Capitalism Jul 14 2021 This volume explains China's economic rise and liberalization and assesses how this growth is reshaping the structure and dynamics of global capitalism in the twenty-first century. China has historically been the center of Asian trade, economic, and financial networks, and its global influence continues to expand in the twenty-first century. In exploring the causes for and effects of China's re surging power, this volume takes a broad, long-term view that reaches well beyond economics for answers. Contributors explore the vast web of complex issues raised by China's ascendancy. The first three chapters discuss the global and historical origins of China's shift to a market economy and that transformation's impact on the international market system. Subsequent essays explore the ability of large Chinese manufacturers to counter the might of transnational retailers, the effect of China's rise on world income distribution and labor, and the consequences of a stronger China for its two most powerful neighbors, Russia and Japan. The concluding chapter questions whether China's growth is sustainable and if it will ultimately shift the center of global capitalism from the West to the East.

Fearing the Black Body Sep 23 2019 How the female body has been racialized for over two hundred years There is an obesity epidemic in this country and poor black women are particularly stigmatized as “diseased” and a burden on the public health care system. This is only the most recent incarnation of the fear of fat black women, which Sabrina Strings shows took root more than two hundred years ago. Strings weaves together an eye-opening historical narrative ranging from the Renaissance to the current moment, analyzing important works of art, newspaper and magazine articles, and scientific literature and medical journals—where fat bodies were once praised—showing that fat phobia, as it relates to black women, did not originate with medical findings, but with the Enlightenment era belief that fatness was evidence of “savagery” and racial inferiority. The author argues that the contemporary ideal of slenderness is, at its very core, racialized and racist. Indeed, it was not until the early twentieth century, when racialized attitudes against fatness were already entrenched in the culture, that the medical establishment began its crusade against obesity. An important and original work, *Fearing the Black Body* argues

convincingly that fat phobia isn't about health at all, but rather a means of using the body to validate race, class, and gender prejudice.

Time is a Mother Sep 15 2021 How else do we return to ourselves but to fold The page so it points to the good part In this deeply intimate second poetry collection, Ocean Vuong searches for life among the aftershocks of his mother's death, embodying the paradox of sitting within grief while being determined to survive beyond it. Shifting through memory, and in concert with the themes of his novel *On Earth We're Briefly Gorgeous*, Vuong contends with personal loss, the meaning of family, and the value of joy in a perennially fractured American spirit. Vivid, brave, and propulsive, Vuong's poems circle fragmented lives to find both restoration as well as the epicentre of the break. The author of the critically acclaimed poetry collection *Night Sky With Exit Wounds*, winner of the 2016 Whiting Award, the 2017 T. S. Eliot Prize, and a 2019 MacArthur fellow, Vuong writes directly to our humanity without losing sight of the current moment. These poems represent a more innovative and daring experimentation with language and form, illuminating how the themes we live in and question are truly inexhaustible. Bold and prescient, and a testament to tenderness in the face of violence, *Time Is a Mother* is a return and a forging-forth all at once. Taiwan and International Human Rights Apr 30 2020 This book tells a story of Taiwan's transformation from an authoritarian regime to a democratic system where human rights are protected as required by international human rights treaties. There were difficult times for human rights protection during the martial law era; however, there has also been remarkable transformation progress in human rights protection thereafter. The book reflects the transformation in Taiwan and elaborates whether or not it is facilitated or hampered by its Confucian tradition. There are a number of institutional arrangements, including the Constitutional Court, the Control Yuan, and the yet-to-be-created National Human Rights Commission, which could play or have already played certain key roles in human rights protections. Taiwan's voluntarily acceptance of human rights treaties through its implementation legislation and through the Constitutional Court's introduction of such treaties into its constitutional interpretation are also fully expounded in the book. Taiwan's NGOs are very active and have played critical roles in enhancing human rights practices. In the areas of civil and political rights, difficult human rights issues concerning the death penalty remain unresolved. But regarding the rights and freedoms in the spheres of personal liberty, expression, privacy, and fair trial (including lay participation in criminal trials), there are in-depth discussions on the respective developments in Taiwan that readers will find interesting. In the areas of economic, social, and cultural rights, the focuses of the book are on the achievements as well as the problems in the realization of the rights to health, a clean environment, adequate housing, and food. The protections of vulnerable groups, including indigenous people, women, LGBT (lesbian, gay, bisexual, and transgender) individuals, the disabled, and foreigners in Taiwan, are also the areas where Taiwan has made recognizable achievements, but still encounters problems. The comprehensive coverage of this book should be able to give readers a well-rounded picture of Taiwan's human rights performance. Readers will find appealing the story of the effort to achieve high standards of human rights protection in a jurisdiction barred from joining international human rights conventions. This book won the American Society of International Law 2021 Certificate of

Merit in a Specialized Area of International Law.

The BreakBeat Poets Vol. 3 Jan 08 2021 We live in an Islamophobic world, where Muslim people are constantly under attack, and must prove their innocence when they've not even committed a crime. We also live in a world of rigid gender roles and gender violence, where women, gender non-conforming and trans people are victims of violence, and have their gender expressions, freedoms, and desires policed. There's pressure from both Muslims and non-Muslims to fit into severe stereotypes of Muslim identity and the ways in which it is acceptable to be Muslim. The BreakBeat Poets Vol. 3: Halal If You Hear Me is a celebration of intersectional identity that dispels the notion that there is one correct way to be a Muslim, particularly for women, gender non-conforming, and trans people. In holding space for multiple intersecting identities, the anthology celebrates and protects those identities.

The Sunset Route Mar 29 2020 The unforgettable story of one woman who leaves behind her hardscrabble childhood in Alaska to travel the country via freight train—a beautiful memoir about forgiveness, self-discovery, and the redemptive power of nature, perfect for fans of Wild or Educated. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE PHILADELPHIA INQUIRER • “An urgent read. A courageous life. Quinn's story burns through us and bleeds beauty on every page.”—Noé Álvarez, author of Spirit Run: A 6,000-Mile Marathon Through North America's Stolen Land After a childhood marked by neglect, poverty, and periods of homelessness, with a mother who believed herself to be the reincarnation of the Virgin Mary, Carrot Quinn moved out on her own. She found a sense of belonging among straight-edge anarchists who taught her how to traverse the country by freight trains, sleep in fields under the stars, and feed herself by foraging in dumpsters. Her new life was one of thrilling adventure and freedom, but still she was haunted by the ghosts of her lonely and traumatic childhood. The Sunset Route is a powerful and brazenly honest adventure memoir set in the unseen corners of the United States—in the Alaskan cold, on trains rattling through forests and deserts, as well as in low-income apartments and crowded punk houses—following a remarkable protagonist who has witnessed more tragedy than she thought she could ever endure and who must learn to heal her own heart. Ultimately, it is a meditation on the

natural world as a spiritual anchor, and on the ways that forgiveness can set us free.

When the Stars Go Dark Jul 02 2020 NATIONAL BESTSELLER NEW YORK TIMES BESTSELLER
From the New York Times bestselling author of *The Paris Wife* comes an atmospheric novel of intertwined fate and heart-wrenching suspense: A detective hiding away from the world. A series of disappearances that reach into her past. Can solving them help her heal? Anna Hart is a seasoned missing persons detective in San Francisco with far too much knowledge of the darkest side of human nature. When tragedy strikes her personal life, Anna, desperate and numb, flees to the Northern California village of Mendocino to grieve. She lived there as a child with her beloved foster parents, and now she believes it might be the only place left for her. Yet the day she arrives, she learns that a local teenage girl has gone missing. The crime feels frighteningly reminiscent of the most crucial time in Anna's childhood, when the unsolved murder of a young girl touched Mendocino and changed the community forever. As past and present collide, Anna realizes that she has been led to this moment. The most difficult lessons of her life have given her insight into how victims come into contact with violent predators. As Anna becomes obsessed with saving the missing girl, she must accept that true courage means getting out of her own way and learning to let others in. Weaving together actual cases of missing persons, trauma theory, and a hint of the metaphysical, this propulsive and deeply affecting novel tells a story of fate, necessary redemption, and what it takes, when the worst happens, to reclaim our lives--and our faith in one another.

In exuberant and tender ecopoems, the saving grace of love in an otherwise bleak childhood is celebrated through spellbinding visions of nature, alongside haunting images of poaching and species extinction. Tiger Girl is Pascale Petit's eighth collection, and her second from Bloodaxe, following Mama Amazonica, winner of the Royal Society of Literature's Ondaatje Prize 2018 - the first time a poetry book won this prize for a work of fiction, non-fiction or poetry best evoking the spirit of a place.
