Trial of Stephen Dec 03 2019 In The Trial of Stephen Alan Watson studies the first Christian martyr, who was stoned to death by a mob outside of Jerusalem around A.D. 36 during his trial by the supreme rabbinic court for blasphemy against the Jewish faith. Watson focuses on Stephen's enthralling defense speech, as found solely in the Acts of Apostles, which is both the pivotal and, until now, least understood part of the fatal proceedings. Watson locates the speech in the well-known genre of criminal trial defenses, which shows that the conduct of the accused was either justified or needs no justification and that the prosecutors themselves are the real wrongdoers. Noting Stephen's departure from mainstream early Christian thought and the enmity he brought down upon all Christians, Watson suggests that Stephen was perhaps not only Christianity's first martyr, but also its first heretic.

Rap on Trial Jul 30 2019 A groundbreaking expos é about the alarming use of rap lyrics as criminal evidence to convict and incarcerate young men of color Should Johnny Cash have been charged with murder after he sang, "I shot a man in Reno just to watch him die"? Few would seriously subscribe to this notion of justice. Yet in 2001, a rapper named Mac whose music had gained national recognition was convicted of manslaughter after the prosecutor quoted liberally from his album Shell Shocked. Mac was sentenced to thirty years in prison, where he remains. And his case is just one of many nationwide. Over the last three decades, as rap became increasingly popular, prosecutors saw an opportunity: they could present the sometimes violent, crime-laden lyrics of amateur rappers as confessions to crimes, threats of violence, evidence of gang affiliation, or revelations of criminal motive—and judges and juries would go along with it. Detectives have reopened cold cases on account of rap lyrics and videos alone, and prosecutors have secured convictions by presenting such lyrics and videos of rappers as autobiography. Now, an alarming number of aspiring rappers are imprisoned. No other form of creative expression is treated this way in the courts. Rap on Trial places this disturbing practice in the context of hip hop history and exposes what's at stake. It's a gripping, timely

exploration at the crossroads of contemporary hip hop and mass incarceration.

A Prosecutor's Story Nov 13 2020 Did a 4-year-old boy witness the brutal stabbing - and near decapitation - of his young, beautiful mother? Did a cheating wife find someone to kill her husband and then have to marry her lover to keep his mouth shut? How was a schoolteacher able to molest students at three different elementary schools before finally being stopped? Who ambushed an elderly man as he left his home, shot him multiple times, drug his body into the bushes, and bashed in his skull with the butt of a gun? And why did it take 23 years to achieve justice for the man's family? These and other questions are answered in A Prosecutor's Story - the real-life stories of a Georgia District Attorney. In A Prosecutor's Story, Cook provides the reader with an insider's view of the Criminal Justice System - its virtues and its shortcomings. The reader will be treated to previously undisclosed details relating to over 40 of his most challenging cases (including murder, kidnapping, armed robbery, child molestation, and voter fraud). And to provide balance, Cook also relates stories about his prosecution of several crazy criminals and the stupid crimes that they committed. As you will see, real-life cases are often stranger (and more entertaining) than fictional accounts.

Sowega Jul 10 2020 Summary "What separates men from each other is not measured by physical distance; it is measured by the thoughts in their minds." The Author In this fictional version of a 1968 civil rights murder trial in Southwest Georgia, SOWEGA, Robert Lee "Jackpot" Jest, an uneducated young black man, is defended by an equally young white indigent defense lawyer. They come from entirely different worlds in Georgia. Attorney Clay Garland accepts the pro bono case when no other defense lawyer in Southwest Georgia would agree to defend him. Jackpot is charged with the murder of the local sheriff's grandson and is detained for over a year to avoid the real possibility of a lynching, an act not unknown to the political and racial heritage in Forrest County, Georgia. The pretrial events and the trial itself take the reader down what appears to be an obvious path to conclusion, only to be jolted in another direction. Clay encounters a retired army sergeant with connections to civil rights leaders in Atlanta, a voodoo Root Doctor, white supremacists, and the mafia all of whose actions affect the outcome of the trial, a trial which gains national publicity and symbolizes as a microcosm the various opposing political and legal forces of the 1960s civil rights era in Georgia. Robert Lee Jest a pawn on the chessboard of hate, prejudice, and Southern politics emerges as an inspiration to Clay Garland. This is the story of how these two disparate young men come together in a common cause and the judicial proceedings that

[Criminal Injustice](#) Jun 01 2022 Criminal Injustice: Slaves and Free Blacks in Georgia's Criminal Justice System is the most comprehensive study of the criminal justice system of a slave state to date. McNair traces the evolution of Georgia's legal culture by examining its use of slave codes and slave patrols, as well as presenting data on crimes prosecuted, trial procedures and practices, conviction rates, the appellate process, and punishment. Based on more than four hundred capital cases, McNair's study deploys both narrative and quantitative analysis to get at both the theory and the reality of the criminal procedure for slaves in the century leading up to the Civil War. He shows how whites moved from the utopian innocence of the colony's original Trustees, who envisioned a society free of slavery and the depravity it inculcated in masters, to one where slaveholders became the enforcers of laws and informal rules, the severity of which was limited only by the increasing economic value of their slaves as property. The slaves themselves, regarded under the law both as moveable property and--for the purposes of punishment--as moral agents, had, inevitably, a radically different view of Georgia's slave criminal justice system. Although the rules and procedures were largely the same for both races, the state charged and convicted blacks more frequently and punished them more severely than whites for the same crimes. Courts were also more punitive in their judgment and punishment of black defendants when their victims were white, a pattern of disparate treatment based on race that persists to this day. Informal systems of control in urban households and on rural plantations and farms complemented the formal system and enhanced the power of slaveowners. Criminal Injustice shows how the prerogatives of slavery and white racial domination trumped any hope for legal justice for blacks.

[Lawyer Games](#) Jan 16 2021 In the early morning of May 2, 1981, Danny Hansford was shot dead by James Williams with a World War II vintage Luger in a historic Savannah mansion. For the next eight-and-a-half years, through four murder trials and intrigue which reached the highest levels of Georgia politics—including a former governor and the Georgia Supreme Court—lawyers battled over whether the 50-year-old Williams shot the 21-year-old Hansford in self-defense. The case inspired a best-selling book and a movie directed by Clint Eastwood. Written by Dep Kirkland, who arrived at the scene when Hansford's body was still on the floor, Lawyer Games is the true story of this remarkable case. Kirkland, the Chief Assistant DA at the time, made the decision to arrest Williams and tried the first of four murder trials alongside the district attorney. His firsthand knowledge allows him not only to deeply analyze the murder case but also to expose the legal mischief spawned when a defendant facing unshakable physical evidence possesses almost unlimited funds. True crime aficionados will be drawn to the two stories told in the book: The riveting story of the case, its evidence (including facts never heard in the courtroom), trials and results, and the incredible eight-year campaign to beat a murder rap no matter what, with a look behind the curtain at a darker side of the American criminal justice system.

[The Corpsewood Manor Murders in North Georgia](#) Aug 30 2019 The notorious true crime story of a sex party that ended in double murder in the woods of Chatanooga County, Georgia. On December 12th, 1982, Tony West and Avery Brock made a visit to Corpsewood Manor under the pretense of a celebration. Then they brutally murdered their hosts. Dr. Charles Scudder had been a professor of pharmacology at Chicago's Loyola University before he and his boyfriend Joey Odom moved to Georgia and built their own home in the Chattahoochee National Forest. Scudder had absconded with twelve thousand doses of LSD and had a very particular vision for their "castle in the woods." It included a "pleasure chamber," and rumors of Satanism swirled around the two men. Scudder even claimed to have summoned a demon to protect the estate. But when Scudder and Odom welcomed West and Brock into their strange abode, they had no idea the men were armed and dangerous. When the evening of kinky fun turned to a scene of gruesome slaughter, the murders set the stage for a sensational trial that engulfed the sleepy Southern town of Trion in shocking revelations and lurid speculations.

[An Introduction to the International Criminal Court](#) Jun 20 2021 The International Criminal Court ushers in a new era in the protection of human rights. The Court will prosecute genocide, crimes against humanity and war crimes when national justice systems are either unwilling or unable to do so themselves. This third revised edition considers the initial rulings by the Pre-Trial Chambers and the Appeals Chamber, and the cases it is prosecuting, namely, Democratic Republic of Congo, northern Uganda, Darfur, as well as those where it had decided not to proceed, such as Iraq. The law of the Court up to and including its ruling on a confirmation hearing, committing Chalres Lubanga for trial on child soldiers offences, is covered. It also addresses the difficulties created by US opposition, analysing the ineffectiveness of measures taken by Washington to obstruct the Court, and its increasing recognition of the inevitability of the institution.
