**Persistence of Light** 06 2021 John Hoyte was a student at Cambridge University who realized one day that a grant he might get could provide an interesting summer vacation. And thus was born the idea of leading an elephant over the Alps via the trails, paths, and mountain passes taken by Hannibal with his army of elephants in 218 B.C. to do battle with the Roman empire. Hoyte's successful mission, with an elephant named Jumbo on loan from the Turin zoo, became a media sensation, leading to international coverage and starting him on the way to a fifty-year career as an inventor and entrepreneur in Silicon Valley. Hoyte's story is a fascinating beginning with the six years of his childhood spent in a Japanese internment camp in China during World War II. Throughout the years that followed, he has taken a surprising twist and turn of fate and used it to help build a life infused with purpose, creativity and fulfillment.

**Guitar Talk** Nov 17 2021 Secrets of master guitarists, revealed in conversation. Guitar Talk offers interviews with many of the most creative guitarists of our time. This book presents these conversations, between Joel Harrison and Nels Cline, Pat Metheny, Fred Frith, Bill Frisell, Julian Lage, Elliott Sharp, Michael Gregory Jackson, Steve Monder, Anthony Pirog, Henry Kaiser, Mike and Leni Stern, Vernon Reid, Mary Halvorson, Nguyễn Lê, Rez Abbasi, Ava Mendoza, Liberty Ellman, Brandon Ross, Wayne Krantz, Dave Fiuczynski, Wolfgang Muthspiel, Miles Okazaki, Sheryl Bailey, Rafiq Bhatia, and Ralph Towner—twenty-seven great guitarists in all. An enormous range of approaches and sounds exist in the modern guitar. The instrument can howl, scrape, scratch, scream, sing, pluck, and soothe. What stands out in this book is not the instrument itself, rather the wonderful and idiosyncratic personalities of these bold souls, their sometimes wild, often zigzagging, and ultimately profound journey of beauty, meaning, and excellence in their work. We find out that jazz icon Bill Frisell won a high school band contest playing R&B tunes, beating out future members of Wind and Fire. We learn which of Nels Cline's compositions he wishes to have played at his funeral. Michael Gregory Jackson recounts painful episodes of racism stretched between the chasm of avant jazz, rock, and blues in the 1980s. Many more revelations, amusements, and philosophies abound.

**Essential Moments** Dec 07 2020 Essential Moments begins with the struggles experienced by a small boy in a large family upon the untimely death of his father. He traces a quest for a better life. Seeking a way out of poverty, he kept his eye on the prize: a college education. To some, he talked funny and wrote awkwardly, but became what he always wanted to be: a teacher. But teaching special education in the American Public School System, and later as a college professor, wasn't as easy as it seemed. With equal parts tenacity, humor, naiveté, and a bit of a super-man complex, he fought his battles—and the battles of others—before finally settling on what was his. This book will resonate to Mexican-Americans and other Latinos who have been asked to change proud parts of their identity to adhere to mainstream society. Compelling to all educators who have struggled for adequate resources to provide enriching environments for their students. Essential Moments is a teacher's story of a child that grew up in poverty in a Texas barrio. However, it is ultimately a universal story about family, friendships, success, failures, setbacks, disappointment, and pursuing a dream to the end.

**Sept 03 2020 Handbook of Guitar and Lute Composers** In compiling this landmark sourcebook, Finnish guitarists Hannu Annala and Heiki Matlik consulted more than 700 music texts as well as dozens of composer resumes acquired from the musical information centers of several countries. During the writing process, which lasted over three years, they received additional information from many modern composers, including Leo Brouwer and Reginald Smith Brindle among others. In addition, several internationally renowned performing guitarists provided valuable information; these include Magnus Andersson (Sweden), Remi Boucher (Canada), Margarita Escobar (Spain), Aleksander Frauchi (Russia) and David Tanenbaum (USA) among others. The authors' aim was to write a well-structured book with separate chapters for each instrument, such as the Renaissance and Baroque guitar, the Renaissance and Baroque lute, the vihuela, etc. This unique structure enables the reader to easily compare composers who wrote for a certain instrument during any given period. In addition to the composers one would expect to find in such a comprehensive listing, the book includes several historical and modern composers for whom little previous information has been available. The book's list of more than 400 guitar and lute concertos dates from the Baroque era to the present day is a totally unprecedented. Short introductions regarding guitar and lute-like instruments as well as their basic histories are provided at the beginning of the book. The authors hope that the Handbook of Guitar and Lute Composers will serve as a practical guide for both amateurs and professionals, encourage the further study of the history of these instruments and expanding the repertoire heard on today's concert stage.
