The First Four Notes Jun 06 2020 A TIME Magazine Top 10 Nonfiction Book of 2012 A New Yorker Best Book of the Year Los Angeles Magazine's #1 Music Book of the Year A unique and revelatory book of music history that examines in great depth what is perhaps the best-known and most-popular symphony ever written and its four-note opening, which has fascinated musicians, historians, and philosophers for the last two hundred years. Music critic Matthew Guerrieri reaches back before Beethoven's time to examine what might have influenced him in writing his Fifth Symphony, and forward into our own time to describe the ways in which the Fifth has, in turn, asserted its influence. He uncovers possible sources for the famous opening notes in the rhythms of ancient Greek poetry and certain French Revolutionary songs and symphonies. Guerrieri confirms that, contrary to popular belief, Beethoven was not deaf when he wrote the Fifth. He traces the Fifth's influence in China, Russia, and the United States (Emerson and Thoreau were passionate fans) and shows how the masterpiece was used by both the Allies and the Nazis in World War II. Altogether, a fascinating piece of musical detective work—a treat for music lovers of every stripe.

My PGMEE Notes Mar 28 2022 Salient Features First of its kind when the book is not written by the senior authors but by the student who is in the race of PGMEE competition. Being the student ourselves, we have observed that giving sleepless nights to textbooks, class notes and question-based books, studying the whole year but failing to compile and revise everything in the final lap was the most common regret that students have. We came up with an idea during our own preparations to compile the maximum possible important facts and data, along with necessary diagrams, mnemonics and Photographs together at one place in the most concise and simplified way and this idea came into reality by completing this herculean task which ended with a fruit in your hand- " My PGMEE Notes" In these Notes we are using inclusive target oriented approach based on the new exam patterns that we have experienced in the last few years. The Notes itself defies "Jack of all trades and master of SOME". It is like "SEA IN A POT". • It contains: • All the important topics of 19 Subjects of MBBS • Perfect illustrations, diagrams and clinical photographs wherever necessary • Important Tables from Authentic Textbooks and journals • Most Recent updates from latest Textbooks, Journals and Important Website • Mnemonics for various topics for a quick recall of the topics when needed • Content Reviewed by Various PG Aspirants from PAN India Medical Colleges & Subject Experts. • Each page in the Notes is provided with a "Space for Extra Points". In that space students can add their extra points which they feel are important for that particular topic. This way at the end, the Notes will have everything at one place perfectly tailored for you. How to make the best out of this Notes? To make the best out of this Notes, make a schedule to complete this notes by studying it for a specific number of hours/day (like 1–2 hours/day) or a specific number of pages per day (like 20–30 pages/day), complete it, add the Special Points, Revise and Re-revise. For example: Make a cycle of 40 days, try to complete this notes in 40 days (studying 20 pages/day). The way Notes has been represented it will take hardly 2 hours for you to complete your 20-page quota of the day. As soon as your one cycle is over start with another cycle which may be shorter this time (say 32 days with 25 pages/day). With this plan, till your exams knock your door you would have already revised the Notes "n" number of times and then re-revise these Notes in the last week before the exam. This is sort of "must follow step" for you. To make this Notes more fruitful, optimize it according to your needs by adding the extra points/newer updates in the space provided below each page in respective topics and make it a complete package for your last month preparation.

The Boy At the Back of the Class Nov 23 2021 A World Book Day 2020 Author WINNER OF THE BLUE PETER BOOK AWARD 2019 WINNER OF THE WATERSTONES CHILDREN'S BOOK PRIZE 2019 SHORTLISTED FOR THE JHALAK PRIZE 2019 Told with heart and humour, *The Boy at the Back of the Class* is a child's perspective on the refugee crisis, highlighting the importance of friendship and kindness in a world that doesn't always make sense. There used to be an empty chair at the back of my class, but now a new boy called Ahmet is sitting in it. He's nine years old (just like me), but he's very strange. He never talks and never smiles and doesn't like sweets - not even lemon sherbets, which are my favourite! But then I learned the truth: Ahmet really isn't very strange at all. He's a refugee who's run away from a War. A real one. With bombs and fires and bullies that hurt people. And the more I find out about him, the more I want to help. That's where my best friends Josie, Michael and Tom come in. Because you see, together we've come up with a plan. . . With beautiful illustrations by Pippa Curnick
