Write It Down, Make It Happen Aug 03 2020 Too often, people drift through life with a feeling of frustration, longing to find some adventure or purpose in life, envious of those whose lives seem exciting. In WRITE IT DOWN, MAKE IT HAPPEN, Henriette Anne Klausner shows you how to write your own life script. Simply writing down your goals in life is the first step towards achieving them. The 'writing it down' part is not about time management; it is not a 'to-do today' list that will make you feel guilty if you don't get everything done. Rather, writing it down is about clearing your head, identifying what you want and setting your intent. You can 'make it happen' purely by believing in the possibility. In WRITE IT DOWN, MAKE IT HAPPEN, there are stories from ordinary people who witnessed miracles large and small unfold in their lives after they performed the basic act of putting their goals on paper.

Wisdom of Near-Death Experiences Dec 27 2019 This book investigates the wide range of near-death experiences (NDEs) of patients that Penny Sartori has encountered during her nursing career, as well as the hundreds of cases of people who have reached out to her over the years. Many people take NDEs at surface value and are misinformed about the full extent of this highly complex phenomenon. Dr Sartori argues that, by pathologising the NDE, we are missing out on vital insights that can empower us to live fulfilled and meaningful lives. Dr Sartori does not offer superficial physiological or psychological explanations for why these experiences take place. Rather, the crucial point of this book is that NDEs undoubtedly occur and have very real, often dramatic, and life-changing aftereffects. Further to that, the wisdom gained during the NDE can be life enhancing and have hugely positive effects on those who don't have an NDE - all we have to do is take notice of and hear what these people have to say. A greater understanding of NDEs can not only enhance the way in which we care for dying patients, but also revolutionise our current worldview. This book encourages readers to take notice of and incorporate the wisdom and powerful messages of NDEs into their own lives.

Law of Attraction Feb 06 2021 The law of attraction is something almost everyone has experienced, on a conscious or subconscious level at one time or the other. Even as we speak, you have experienced the law of attraction at some point in your life. Do you doubt this immutable fact? Consider this: Look back to all those times when you were thinking about someone, your phone started ringing with the person you were thinking of on the other end of the line, or the time when you were thinking about someone, and out of nowhere, you bump into the person on the street. You may choose to label these things mere 'coincidences,' 'luck,' or 'fate' because a part of you finds it difficult to accept the existence of energy in sync with your thoughts, an energy capable of attracting the things you want. This energy is the universal energy. You can tap into this energy to transform every aspect of your life and attract everything you desire. How do you do that; how do you tap into this power? Well, you use the law of attraction. What is the law of attraction? This book will teach you everything about the law of attraction, how it works, and then detail how you can consciously begin to use it to get the things you want whether these things are the ideal relationship, a good job, better health, money, you name it.

The Survival of the Soul Oct 05 2020 Many of us have questions about the passage of life and often wonder what happens when we die. In this amazingly insightful book by medium/clairvoyant Lisa Williams, evidence of the afterlife is explored. Through various channels such as meditation, psychic readings, communication with her Spirit Guide, and a personal near-death experience, Lisa delves into the journey of the soul, discusses the different stages of the afterlife, and reveals what life is really like on the other side. This book addresses the myriad questions many of us have surrounding this subject, especially if we've gone through the painful experience of having lost loved ones. Lisa provides a reassuring glimpse into this fascinating topic by exploring the pathway to the afterlife and then to reincarnation; with the realization that death is not final, but rather a transition into the world beyond a place that should be honored, not feared.
