Growing up, the problem was never love for us. Bad times. Good times. There were times when I felt our love in every inch of my body, vibrating, making me feel like it could bring me back to life. The problem was us. The problem is that we're living in two different worlds now. Fallen Crest and its millionaires for me. Roussou and their criminals for him. I was thriving in mine and he was running his. But... But there were nights I felt we couldn't be further apart than we were, and there were nights I felt we shared the same heartbeat. The Orphan Collector Oct 05 2022 Instant New York Times Bestseller From the internationally bestselling author of *What She Left Behind* comes a gripping and powerful tale of upheaval—a heartbreaking saga of resilience and hope perfect for fans of Beatriz Williams and Kristin Hannah—set in Philadelphia during the 1918 Spanish Flu outbreak—the deadly pandemic that went on to infect one-third of the world's population... “Readers will not be able to help making comparisons to the COVID-19 pandemic, and how little has changed since 1918. Wiseman has written a touching tale of loss, survival, and perseverance with some light fantastical elements. Highly recommended.” —Booklist “An immersive historical tale with chilling twists and turns. Beautifully told and richly imagined.” —Stephanie Dray, New York Times bestselling

author of *America's First Daughter* In the fall of 1918, thirteen-year-old German immigrant Pia Lange longs to be far from Philadelphia's overcrowded slums and the anti-immigrant sentiment that compelled her father to enlist in the U.S. Army. But as her city celebrates the end of war, an even more urgent threat arrives: the Spanish flu. Funeral crepe and quarantine signs appear on doors as victims drop dead in the streets and desperate survivors wear white masks to ward off illness. When food runs out in the cramped tenement she calls home, Pia must venture alone into the quarantined city in search of supplies, leaving her baby brothers behind. Bernice Groves has become lost in grief and bitterness since her baby died from the Spanish flu. Watching Pia leave her brothers alone, Bernice makes a shocking, life-altering decision. It becomes her sinister mission to tear families apart when they're at their most vulnerable, planning to transform the city's orphans and immigrant children into what she feels are "true Americans." Waking in a makeshift hospital days after collapsing in the street, Pia is frantic to return home. Instead, she is taken to St. Vincent's Orphan Asylum - the first step in a long and arduous journey. As Bernice plots to keep the truth hidden at any cost in the months and years that follow, Pia must confront her own shame and fear, risking everything to see justice - and love - triumph at last. Powerful, harrowing, and ultimately exultant, *The Orphan Collector* is a story of love, resilience, and the lengths we will go to protect those who need us most. "Wiseman's writing is superb, and her descriptions of life during the Spanish Flu epidemic are chilling. Well-researched and impossible to put down, this is an emotional tug-of-war played out brilliantly on the pages and in readers' hearts." —The Historical Novels Review, EDITOR'S CHOICE "Wiseman's depiction of the horrifying spread of the Spanish flu is eerily reminiscent of the present day and resonates with realistic depictions of suffering, particularly among the poorer immigrant population." —Publishers Weekly (Boxed Review) "Reading the novel in the time of COVID-19 adds an even greater resonance, and horror, to the description of the fatal spread of that 1918 flu." —Kirkus Review "An emotional roller coaster...I felt Pia's strength, courage, guilt, and grief come through the pages clear as day." —The

Africa's Greatest Entrepreneurs Mar 06 2020 Who are the real power brokers in Africa? Who are the dynamic entrepreneurs making things happen on the continent? How did they do it and what are their personal stories? *Africa's Greatest Entrepreneurs* is a unique collection of stories about 16 of the most successful entrepreneurs and business visionaries currently operating in Africa. Each chapter is dedicated to a single entrepreneur and focuses on a sometimes tumultuous, often challenging, but mostly exciting journey to success. Meet, among others, Kagiso Mmusi, the Motswana transport millionaire; Richard Maponya, the South African retail giant behind Soweto's Maponya Mall; Kwabena Adjei, the rags-to-riches Ghanaian millionaire; Wale Tinubu, the Nigerian head of the Oando oil and gas giant; Ndaba Ntsele, the South African king of high finance; and Mo Ibrahim, the Sudanese-born telecoms millionaire. Origin Nov 13 2020 AN INSTANT NEW YORK TIMES BESTSELLER! From celebrated anthropologist Jennifer Raff comes the untold story—and fascinating mystery—of how humans migrated to the Americas. *ORIGIN* is the story of who the first peoples in the Americas were, how and why they made the crossing, how they dispersed south, and how they lived based on a new and powerful kind of evidence: their

complete genomes. *ORIGIN* provides an overview of these new histories throughout North and South America, and a glimpse into how the tools of genetics reveal details about human history and evolution. 20,000 years ago, people crossed a great land bridge from Siberia into Western Alaska and then dispersed southward into what is now called the Americas. Until we venture out to other worlds, this remains the last time our species has populated an entirely new place, and this event has been a subject of deep fascination and controversy. No written records—and scant archaeological evidence—exist to tell us what happened or how it took place. Many different models have been proposed to explain how the Americas were peopled and what happened in the thousands of years that followed. A study of both past and present, *ORIGIN* explores how genetics is currently being used to construct narratives that profoundly impact Indigenous peoples of the Americas. It serves as a primer for anyone interested in how genetics has become entangled with identity in the way that society addresses the question "Who is indigenous?"
